PRODUCT EXPLODED VIEW

APPEARANCE
Simple black appearance , flat system box with a blowing gap. Rear module add star pattern shows beautiful .Ingenious design makes LS Series more fashion and diferent .

MODULE MAGNET SHEET
There are 4PCS magnets on module and frame which are helping for fast position and ensure module flatness.

PRESSURE RESPIRATOR
The cooling respirator is constructed on rear cover of module to maintain balance of the air pressure of both interior and exterior to release heat, which can efectively undermine the mask damages of pressure diference caused by temperature changes.

PERFECT HEAT DISSIPATION
The power with a big fan that blows through the gap can speed up heat dissipation to ensure the display efect and prolong the display use life.

WIRE BOX
Each cabinet have three wire boxes to conceal wires which can protect the wires against water meanwhile keep beauty of the appearances.

WIDE MASK BRIM
Wide module mask brim design can prevent dust and water into cabinet and then protect LED lamps.

Pixel Pitch: 5 / 6.67 / 8 / 10 / 16

key lock & L-type tensioning design
Renew key lock
With locating pin & slot
Press in and then twist when open the lock

L-type tensioning design
simple and convenient
The system box can be maintained directly
